CERTIFICATES

- AWS Academy Graduate - Amazon Web Services (Jun 2024)
- Web Development Intern - iCloudRix Technologies (Feb 2024)
- Fundamentals of Software Engineering - HAUT Institute (Apr 2023)

PROFESSIONAL SUMMARY

Software Engineer with 3+ years of experience building modern and responsive web applications, with a strong focus on frontend development. Skilled in React, Next.js, JavaScript, TypeScript, and Tailwind CSS, with backend experience using Node.js, Express, MongoDB, and REST APIs. Comfortable building end-to-end features, solving problems, and using AI tools effectively to improve development workflows.

WORK EXPERIENCE

Teach Assist AI

Software Engineer

Washington, D.C. / Remote

Jul 2023 - Aug 2024

- Developed responsive user interfaces and reusable components using React, Next.js, Redux, Chakra UI, and modern JavaScript.
- Built and integrated REST APIs and authentication flows for a cloud-based education platform.
- Collaborated with cross-functional teams on lesson planning, assignments, quizzes, grading, and content-history features.
- Conducted code reviews, debugged application issues, and improved maintainability and user experience.

HIIT PLC

SIWES Trainee - Hardware & Networking

Lagos, Nigeria

Jul 2026 - Oct 2026

- Completed SIWES industrial training focused on computer hardware, networking, troubleshooting, and digital technologies.
- Studied AI and digital literacy, strengthening practical understanding of prompt engineering and responsible use of AI tools.
- Applied AI-assisted workflows to research, problem-solving, and software development, including generating and improving code.

Bitooqoh

Frontend Developer - Freelance

Lagos, Nigeria / Remote

Jul 2024 - Oct 2024

- Converted Figma designs into pixel-accurate, responsive web interfaces using React, TypeScript, and Tailwind CSS.
- Contributed to the Muslim Tech Expo website with a focus on frontend implementation and visual consistency.

Wema Bank

Information Technology Intern

Lagos, Nigeria

Aug 2023 & Aug 2024

- Supported product and innovation activities through user research, surveys, Figma design, and team collaboration.
- Gained practical exposure to frontend development, product management, product design, REST APIs, and professional software workflows.

Intern Army

Web Development Intern

Bhopal, Madhya Pradesh /

Remote

Jan 2024 - Feb 2024

- Developed a weather application using HTML, CSS, JavaScript, and third-party APIs for real-time weather data.
- Built a JavaScript quiz app, a responsive portfolio, and applied basic SEO practices.
